Intro

Verse 1

We are your temple
Our hearts are now your throne
Your throne
Rest Holy presence
Come make this place your home
Your Home

Pre-Chorus

We have searched all over the world
and found there is none, none like you

Chorus

King of Glory,
Come and enter in
Be seated on our praises
Majesty,
Come and take your place
Be seated on our praises

Verse 2

Let heaven open
Swing wide the doors for us
For us
Come down in fire
Heaven is touching earth
Touching earth

King of Glory -

Bridge

Let your glory come

Let it fall on us

We are here for you

Let your presence come

Let it rest on us

This is all for you
